ClickShare

wireless presentation & conferencing

Create a space where minds meet. In one click

Simple, easy, wireless. That's how ClickShare shares your content from any device on the meeting room display for better collaboration in any type of meeting room.

With ClickShare Conference you can run better hybrid meetings from your laptop. Thanks to smart, intuitive meeting flows, it takes you only one click to wirelessly start a video meeting with your preferred UC&C platform. Connect automatically to room cameras, speakerphones, sound bars for better video conferencing in the hybrid workplace.

Designed for enterprise rollouts, ClickShare offers enhanced security features, network integration options and cloud management.

All ClickShare processes are ISO-27001 certified.
