

QuickPresent *air*

Wireless Design Tabletop Presentation Solution, battery-powered for self-contained operation in meeting rooms and huddle spaces

Employ AV-technology without the hassle of tedious construction works.

Using QuickPresent air, up to three persons can share content from their HDMI laptops, plus the content of a single Android or Apple smart device (tablet, smartphone) and wirelessly show it on the main display or projector.

All HDMI sources are connected using three smooth-running cable retractors. The active signal is transmitted from the meeting table to the display device using modern virtually zero-latency wireless technology.

No more missing connection cables - your meeting table remains uncluttered with QuickPresent air.

- Stream content to the built-in WiFi receiver

- **Sleek design tabletop unit, suitable for mobile usage**
Premium body, diameter ca. 22 cm, height ca. 6 cm
- **Up to 7 hours self-contained operation**
with built-in Lithium-Polymer battery
- **Easy Plug & Present setup**
No driver or software installation required
- **Cable-retractor system for three HDMI inputs**
avoids cable mess after the meeting
- **Intuitive operation via touch-sensitive Show-Me buttons** with automatic or manual input switching
- **BYOD (Bring Your Own Device)**
Content streaming from compatible Windows/Mac PCs & iOS/Android mobile devices via AirPlay or Miracast
- **Perfect video quality via virtually latency-free wireless transmission** using 60 GHz technology.
Table to display distance ca. 10m line-of-sight
- **Auxiliary local HDMI/Audio ports**
for wired HDMI output on the tabletop unit, including analog audio de-embedding via 3,5mm jack
- **Wireless transmission up to 1080P/WUXGA resolution** plus wired local 4K HDMI output
- **Automatic standby switching of the main display**
via energy-saving Display-off function
- **2 different kit versions available: with built-in battery or no battery**, each kit including tabletop unit and 60 GHz wireless receiver
- **High quality carrying bag**
available as an add-on for mobile usage

Optional, sleek design carrying bag.

Matches the round shape of the QuickPresent air. For safekeeping and taking along the tabletop unit, receiver and accessories.

- Virtually zero-latency 60 GHz wireless transmission

- Intuitive homescreen for Airplay/Miracast streaming

QuickPresent air - Model versions and accessories

Illustration	Item	Description	Part no.
	QuickPresent air	Inputs: 3x HDMI (with cable retractor system, 0,85 m each) Wireless input: Miracast/Airplay compatible with 2.4 or 5 GHz WiFi Wireless output: 60 GHz WirelessHD, uncompressed, latency ca. 5ms Wireless distance: ca. 10m (line-of-sight) Outputs (tabletop): HDMI, 3.5 mm stereo jack Output (receiver): HDMI Resolutions: Wireless output up to 1080P/WUXGA, HDMI output up to 4K @ 30Hz (4:4:4) or 4K @ 60Hz (4:2:0) Compatibility: HDMI 1.4b, HDCP 1.4 Control: Automatic signal detection and switching, 3x sensor buttons for manual HDMI source selection, 1x sensor button for BYOD WiFi operation, 1x sensor button for 60 GHz link with charging indicator Setup: Power on/off button, Micro-USB for firmware update, DIP-switches for: EDID management (Pass/720P/1080P), Display-off function, 2.4/5 GHz WiFi, WiFi on/off, Standby-Timer 1/5 min., automatic/manual input selection Power supply/charger for tabletop unit: 12V DC, 3 A Battery: Li-Po 38,5 Wh for up to 7h self-contained operation Power supply for receiver: 5V DC, 2 A Enclosure: brushed and anodized aluminum, back-printed acrylic glass Dimensions: tabletop unit Ø 219 mm, height 63 mm, receiver 85 x 26 x 50 mm (WxHxD) Weight: tabletop unit ca. 2.3 kg, receiver ca. 82g Kit includes: 1x tabletop unit with power supply, 1x receiver with USB power supply and USB cable 2 m, 1x HDMI cable 2 m for receiver	7488 000 400
	QuickPresent air Lite	Same as above, but without built-in battery for stationary use	7488 000 405
	QuickPresent air Carrying Bag	For safekeeping and taking along the tabletop unit, receiver and accessories. Matches the round shape of the QuickPresent air. High quality finish in silver grey color with outer fabric made of high quality Nylon-Cordura 1000d. Padded inside with enforced rearside. Additional compartment for cable and charger. Convenient carrying handle and shoulder strap.	7488 000 401
	QuickPresent air Spare Receiver	Spare receiver for flexible use of a tabletop unit in several rooms.	7488 000 403
