YPS20

SkySound, a Microsoft Teams Certified Pro Ceiling Audio System, delivers outstanding audio performance with AI-powered design and deployment. As a key component of Yealink's comprehensive one-stop AV solution, it integrates effortlessly with Yealink's MTR systems, providing an ideal solution for various scenarios.

One-stop, full-scenario Teams Room

No more repeated checks and coordination. Enjoy seamless integration of Yealink MTR, audio, and integrated control, covering standard large rooms, training rooms, and divisible spaces.
Premium audio quality

SkySound solutions provide premium, clear, and crisp audio quality while seamlessly integrating with the Dante/AES67 ecosystem for ultra-low latency and stable transmission.
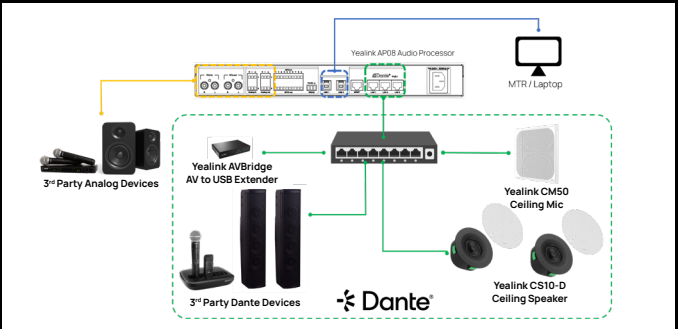

Intelligent design and deployment

The automatic design tool and intelligent configuration features streamline deployment, making it efficient for most spaces.

Smart integration with multi-camera solution

SkySound integrates seamlessly with Yealink's MTR systems, providing a real-time, precise speaker-tracking experience.

Smart Integration with Multi-camera Solution

Easy Integration with Yealink SkySound Solution
